Sub. Education - Schools - Malpe and Bokal - Buildings - Extension.

---

With the raising to Higher Elementary Grade of the schools at Malpe and Bekal according to the sanction conveyed in Development Department G.O.No.2692, Development, dated 10-7-1945, the provision of additional accommodation has become an urgent necessity

The Malpe school is housed in a rented building with accommodation for 153 children. A rent of Rs.17/- per mensem is being paid in accordance with the sanction accorded in G.O.No.Ms.1318, Development, dated 30-6-1942. The present total strength of the school is 261. As the area is brought under the compulsory education scheme the strength will increase considerably. Also Standard VII has to be opened in June 1946 and Standard VIII in 1947. Immediate arrangements have therefore to be made for provision of additional accommodation for about 160 pupils. The Yelur Mogavira Abivirdhi Sangha of Malpe who own the building are willing to put up an extension to accommodate 160 ~~buildings~~ pupils if they

are assued/an increase of rent as assesed by the P.W.D.

The Bekal School is housed in a rentad building with accommodation for 211 pupils. The present rent of the building is Rs.10/- . The present strength of the school is 302. Standard VII is to be opened in June 1946 and Standard VIII in 1947. This building is a thatched temporary construction with Mud walls. In regard to the recognition of Standard VI the Deputy Inspector of Schools, Kasargod Range has remarked that permanent recognition cannot be recommend on account of the serious defects of accommodation. The house owner has agreed to improve the existing building and construct an extension on the promise of enhancement in the rent as assessed by the P.W.D.

Since the extention in both the cases are urgent, I request that the Government may be pleased to permit the house owners to put up the extension on an assurance of payment of increased rent as assessed by the P.W.D.
